Statistical Analysis

Work Experience

1-Work at the field of Archaeology: After graduation I worked immediately with the Department

of Antiquities and Cultural Heritage, the job was preservation and protection to all Archaeological sites in Hebron-West Bank-and Gaza.

2- Excavations: I participated in major excavation, Paleolithic site in Ein Gazal-Jordan.

.

3-Work at the field of Anthropology: I also worked with Dr. Shareef Canana who is one of the Anthropologists in Middle East to collect and write the verbal art from people who lives in villages and rural areas. The second project was on the local people folklore.

4- Museum related work:
